The parties recognize that the implementation of any such program will depend upon the institutions agreeing on the division of labor between the two institutions and the development of educational programs agreed upon by both institutions.

2. The institutions recognize that the implementation of any such program will depend upon the

institutions agreeing on the division of labor between the two institutions and the development of educational programs agreed upon by both institutions.

- Organization of joint conferences, workshops, and meetings
- Organization of joint, collaborative, and educational training programs
- Supervision of M.S. and Ph.D. students
- Review of academic and educational programs
- Sharing of academic, research, and outreach information and materials
- Capacity building of faculty, staff, and students

The institutions agree to encourage the development of the following programs based on their respective academic, research, and outreach needs and interests.

This agreement is based on the principle of reciprocity and expresses the interests of both parties.
