MEMORANDUM OF UNDERSTANDING

BETWEEN

VIRGINIA POLYTECHNIC INSTITUTE AND
STATE UNIVERSITY
BLACKSBURG, VIRGINIA, USA

AND

UNIVERSITY OF GUYANA

Virginia Polytechnic Institute and State University (hereafter referred to as Virginia Tech), represented by its President or Provost, and the University of Guyana (hereafter referred to as UG), represented by its Vice-Chancellor, have agreed to the following terms:

1. That this MOU is intended to facilitate all exchanges and collaborative initiatives between the universities in the area of instruction, exchange, development, research, community service and other areas that may be mutually agreed.

2. That the parties recognize that implementation of any agreement will depend upon the academic interest and expertise of individual faculty members and upon the availability of financial resources.

3. A variety of cooperative approaches shall be employed, such as:
   - Exchange of undergraduate and graduate students
   - Exchange of faculty members
   - Exchange of research personnel
   - Exchange of technical staff including librarians and IT specialists
   - Technical assistance and/or training
   - Exchange of scholarly and pedagogical materials
   - Joint research
   - Organisation of joint conferences
   - Other cooperative efforts set forth in separate Implementing Agreements (IA)

4. That financial and/or funding considerations shall be the subject of specific discussions and agreements within the framework of a separate Implementing Agreement negotiated at the College/Departmental level. No financial commitment whatever on the part of either signatory to this general document is intended or implied.
5. That specific projects to which this MOU may lead will be subject to joint and periodic evaluations by relevant authorities within the respective universities.

6. That this MOU will be in effect for a period of five years and is subject to revision or modification by mutual agreement. It is also understood that either institution may terminate the agreement upon one year's notice. It is assumed that such action would be taken only after mutual consultation in order to minimize potential inconvenience to the other party to the agreement and would not have an effect on ongoing activities under an existing Implementation Agreement.

7. That such Memorande of Understanding are not intended to be legally binding documents. Rather, they are meant to describe the nature and cooperative intentions of those institutions involved, and to suggest guidelines for cooperation. Nothing, therefore, shall diminish the full autonomy of either institution, nor may any constraints be imposed by either upon the other.
